Cobleskill Regional Hospital is one of the 2024 Top 20 Critical Access Hospitals in the United States according to the National Rural Health Association\*. We are proud to be the only hospital in New York State to receive this distinction.

**Our outstanding caregivers make Cobleskill Regional Hospital of Bassett Healthcare Network a remarkable place for our patients and our community.**

\*This award program recognizes outstanding performance among the nation's critical access hospitals based on the results of the Chartis Rural Hospital Performance INDEX®.

# May is Community Action Month!

As part of a national network of community action agencies, SCCAP has been charged with **educating the public about the socioeconomic barriers** our communities face, the **resources available to address these barriers**, and **how these resources benefit the community at large**.

## Building stronger, healthier communities & empowering families by:

### Supporting Families

SCCAP supports families by strengthening family bonds and making community connections. Skill building classes, child care connections, supervised visitation, and esteem building classes for youth **strengthen families at home** and **increase positive interactions in the community**.

### Enhancing our Workforce

SCCAP supports both employers and those seeking employment in their job search, employment retention, and professional development. Helping individuals overcome barriers to employment and supporting local businesses in workforce development is a multi-faceted approach to **reducing unemployment and contributing to economic growth**.

### Stabilizing Families & Maximizing Resources

The first step in the pathway to self-sufficiency is stabilization; meeting immediate needs to alleviate stressors and keep families safe. Supplemental programs help families maximize their financial resources. Stabilization **prevents family crises** and programs like Women, Infants, and Children (WIC).

### Promoting Wellness

There are many dimensions to wellness - SCCAP supports and incentivizes local families and businesses for promoting healthy choices. Increased access to healthy choices through programs like the Farmer's Market Nutrition Program (FMNP) and the Child and Adult Care Food Program (CACFP) **encourages families and partners to invest in their health and wellness**.

### Improving Infrastructure

Weatherization services ensure health and safety and jump-starts economic growth in our neighborhoods by **reducing the environmental impact of energy usage and increasing real estate market value on local homes**.
